“As a breast cancer survivor, I know how important awareness and cure development are to eradicate this disease from our planet. I never want others to suffer or experience the loss of loved ones, and through local events like this silent auction, our entire community can come together to help others who have been affected by breast cancer,” said Kathy Toth, broker and team leader of Kathy Toth and Team and event co-chair.

Making Strides Against Breast Cancer is the largest organization of breast cancer awareness events in the United States. Their mission is to honor breast cancer survivors, raise awareness to help reduce breast cancer risk, and raise funds to help the American Cancer Society make an impact through research and services.

“Breast cancer alone kills some 458,000 people each year, according to the World Health Organization, mainly in low- and middle-income countries. It needs to be a priority to ensure that more women can access gene testing and lifesaving preventive treatment, whatever their means and background, wherever they live,” said Elissa Spangler, business development and marketing director at Suburban Chevrolet Cadillac and event co-chair. “This event is an opportunity for us as a community to rally together and support Making Strides and the American Cancer Society. Every step forward is a step closer to a cure.”
