THE CASSINA GROUP CELEBRATES ITS 10TH ANNIVERSARY WITH INCLUSION ON INC. 5000'S LIST OF FASTEST GROWING COMPANIES

The Cassina Group was included in Inc. 5000's list of fastest growing companies for a third consecutive year.

Mount Pleasant, SC (August 22, 2016)—When Jimmy Dye and Robertson Allen started The Cassina Group in 2006, they could only dream that it would grow into the company it has become today.

“We knew we wanted to create a real estate company that was different than any other firm in Charleston,” said Jimmy Dye, company co-owner and broker-in-charge. “By balancing traditional real estate models with unique marketing and emerging technology, we have created an innovation-driven company that continues to grow and evolve with the changing market.”

The vision behind the company remains, with an established reputation for delivering stronger results through leading-edge technology and building lasting relationships. Since its founding in 2006, the firm has become a leader in the Charleston real estate market with two offices in downtown Charleston and one in Mount Pleasant. By recruiting and retaining top talent, The Cassina Group has built a company of dedicated, full-time agents who are highly educated and knowledgeable about the real estate market.

“We attribute our success to our outstanding team of REALTORS and staff,” said Owen Tyler, Managing Broker and broker-in-charge of The Cassina Group. “They are passionate about a great real estate event and among the most professional and committed in their field.”

As evidence of their success, The Cassina Group has been named to Inc. 5000's list of fastest growing privately held companies in the United States. It is the company's third consecutive year on the list, and they hold the distinct honor of being the only real estate firm in Charleston to receive this year's award.

“We are thrilled and humbled by our inclusion on this prestigious list,” said Robertson Allen, company co-founder and broker-in-charge. “We are fortunate to live and work in a city as great as Charleston; and we are so thankful to have worked with such wonderful clients over the past ten years who have helped us grow into the company we are today.”
