

Client Testimonials: The Price Group

“The Price Group gets a 10-star rating in our book! Not only did they find a buyer for our home in less than a week, they were by our side the entire way. Their positive outlook, boundless energy and unbridled enthusiasm filled us with encouragement when we needed it most. They negotiated a very fair settlement with the buyer’s agent when the inspection uncovered a few issues we were unaware of in our home. Their advice on how to stage our home saved us time and money. The video/photo shoot presented our home beautifully. They even offered to help us pack for the movers! We consider The Price Group more than just our realtor, they are our FRIEND! Thanks TPG, wishing you the best!” - Mike and Maria Ganio

“The Price Group was the perfect agent for us when buying our first home. They were knowledgeable in the process, and that was helpful since we weren’t. They knew the answers to almost all of our questions, and if they didn’t they followed up as soon as possible. They responded to all my calls, emails, and texts within an hour - which is great for my worrying mind. They fought hard for us in finding our perfect home, through contract negotiations, repair requests, and all the way until the closing table. They have followed up with us several times since then. I plan to refer The Price Group to all my friends in the Louisville area when purchasing their homes - they are an amazing team!” - Megan and Ethan Murphy

“The Price Group are a true Professional Realtor. With minimal notice they were able to show us homes and came prepared. They always knew the history of the house and were knowledgeable about the area and comparables. Always a smile and genuinely wanted to help. Follow through from contract to close was excellent. We are grateful to The Price Group for their help and guidance.” - Doug and Susan Thomas

“The Price Group is amazing and has set a high bar for realtors!! When our family was planning on moving across the county, from Washington State to Florida, we knew we needed the best realtor we could find who would be willing to work with us. We were blessed to connect with The Price Group, Keller Williams! They have gone out of their way to assist our family finding exactly what we wanted as well as making sure the home was a right fit for our family needs. Working by phone and Facetime isn’t easy, but they consistently kept us updated on our home search process and even Facetimed us home tours when we were unable to be there in person. They wanted to make sure the home was a home they would feel comfortable putting their own family in which tells you what an amazing realtor they are. They went above and beyond what we imagined when working with a realtor and we highly recommend them to anyone starting or working on finding a new home. Thank you, Price Group!” - Cassie Gish

“WOW! I worked with The Price Group for at least 5 months and looked at many homes around Orlando. The Price Group was right there with me, every step of the way, re-evaluating what my needs and wants as a buyer were, sometimes before I even knew them myself! Extremely patient, communicative, and encouraging, even when I believed that there may not be a house out there for me...Then when the perfect property came along, they made magic happen overnight. In a sea of multiple offers, it was The Price Groups suggestions and negotiation that got the buyers to accept MY offer! Closing was a breeze, and even now that the process is complete, The Price Group is still supporting me, because I feel like it’s a group of friends that are truly happy I have found my dream home! THANK YOU, Price Group, from the bottom of my heart! - Kari Ringer
