

June 22, 2019

Hello all,

I hope everyone is enjoying summer even though it doesn't feel like it here today in Denver. It's raining and 46 degrees. No complaining about the rain.

I would like everyone to note that our annual meeting is scheduled for August 3, 2019 and we will be back at the La Veta Community Center. Notices of the meeting will be sent out in July along with proposed budgets and changes to Water System Rules and Regulations. Nothing significant but clarifying some issues.

One of the Board Member terms expires this year so if you are interested in being on the Board submit a nomination and resume. We'd like to have it by July 8th so we can get it in the package. You can send it to any of the Board Members. Also we are always looking for help on committees so consider helping out and learning more about our community. The efforts of those on committees and volunteering for cleanup days is appreciated very much.

It's been a busy year with a lot of attention focused on the fire recovery. I can't say thanks enough to all those involved in that effort. We have applied for grants and been part of other groups applying for grants to assist us in our recovery efforts. The good news is that there seems to be minimal impact to our water supply and recovery seems to be good in some areas.

If you ever have any questions, suggestions or comments, pass those on to any of the Board Members. This is your community and input is always good to have. Looking forward to seeing many of you at the annual meeting.

Forrest Dykstra

President, TVW POA
