Year-to-Year Growth: Following the Same Students

4th and 5th grade English language learner students who met or exceeded typical growth on the state reading test **Data not available**

This measure shows how much growth students have achieved compared to similar students across the state in the same grade level. The overall metric reported is the percentage of students whose growth was average or above (50th to 99th growth percentile) on the state test. Students are compared to other students in the same grade level across the state with similar test scores in previous years.
